

March 2008: Table Quiz

The second annual table quiz was a big hit. This year we changed the rules a bit as there were two categories "the under 16s" and "the leaders". To start the night off Mark Dunwoody got some of the leaders to play a game which involved balancing an after eight on there foreheads. Mark then handed things over to the band who once again created a fantastic atmosphere during the worship. Then it was time for the quiz, which was in two halves. The first half was pretty normal with rounds like " General Knowledge" and "Science", but to make this quiz a little different we decided to add some unusual rounds in the second half. The "Music" rounds and "Maths" round went down well with very high scores across the board, but we all know there can only be one winner and this year the trophy went to Douglas. A big thanks to everyone who helped out as a great night was had by all.
